## Offering Envelope Request Form

Personally designated offering envelopes allow the church to track your givings for income tax purposes. Please fill out and submit the following Request Form. Of course, you don't have to use paper envelopes! Alternatively, simply call the church office and ask to speak to the envelope secretary to request offering envelopes or a "virtual" paperless envelope number. Use this number to help us identify any special offerings, and to identify offerings from any of the special giving methods available.
